Tenpower Launches New Website and Email Domain

- **New website and email domain has launched on January 1, 2020**
- **The .cc email domain will remain effective until June 30, 2020**

Zhangjiagang, China - January 1, 2020 - January is a time for new resolutions and new initiatives, as this passing New Year's Day marks the beginning of a new decade, the breeze of change is quite literally bustling in the air. For more than 13 years, Tenpower has continued to provide our clients with the best quality lithium-ion battery cells. Now as we embark upon the 14th year of our journey, we are proud to present a few changes we've made to enhance your experience with us:

- Tenpower's new official website has launched on the 1st of January, please feel free to have a look at www.tenpowercell.com. We are now on all major social media platforms, follow us for Tenpower's latest news and updates.
- We are also changing our email domain to [tenpowercell.com](mailto:info@tenpowercell.com) (e.g. info@tenpowercell.com), so please check your email address book and update accordingly. The .cc email domain will remain effective until June 30th 2020, so please remember to update your Tenpower contact information as soon as possible. Please don't hesitate to contact our sales reps or other Tenpower staff if you have any questions.

Thank you for your continued support and confidence in Tenpower.

About Tenpower

Tenpower is a leading cylindrical lithium-ion battery cell developer and manufacturer specialize in producing high rate lithium-ion battery cells. Tenpower has accumulated tremendous amounts of know-how through 14 years of persistent endeavor in basic material research and electrochemical technologies. Owing to prior experience in the power tool battery industry, Tenpower is a strong proponent of quality-first philosophy, investing heavily in state-of-the-art equipment and rigorous quality control processes to guarantee the consistency and safety of the battery cells. Today Tenpower has expanded to various industries including power tools, micro-mobility, smart appliances and critical applications, incorporated into the supply chain of many leading first-tier international companies, shipping more than 10 billion battery cells to hundreds of companies across more than 40 countries.
